

## CSSS.NET Named in Inc. 500|5000

**WASHINGTON, Sept. 4, 2013** — [CSSS.NET](#), a leading provider of mission-critical technology solutions and one of the fastest-growing women-owned, service-disabled veteran-owned government solutions providers in the country, has been distinguished by its inclusion for the third consecutive year on the [2013 Inc. 500|5000](#) list of fastest-growing private companies in America.

“We are extremely honored to be recognized by Inc. for our third consecutive year, and sixth time overall, as one of the fastest-growing companies in the nation,” said [Lisa Wolford](#), president and CEO of CSSS.NET. “What has made this achievement possible is our incredible, talented team of technology and program management experts who bring solid solutions and tireless commitment to our government customers. The success they have created in support of our customers’ mission has led to more opportunities with customers and helped us bring our unique approach to technology solutions to a much broader range of government organizations.”

CSSS.NET [grew 52 percent](#) over the past three years, earning a ranking of No. 40 among other fast-growing companies in Washington, D.C. In August, CSSS.NET was [awarded](#) two Gold Stevies in the [International Business Awards](#) for Company and Executive of the Year in the aerospace and defense category and a Bronze Stevie for IT Team of the Year.

[Inc. Magazine](#) has been the premier print publication for entrepreneurs and business owners since 1979. The Inc. 500 was introduced in 1982, celebrating the fastest-growing privately held companies in the United States. The list was expanded to the Inc. 5000 in 2007 to help its audience gain a broader and deeper understanding of the entrepreneurial landscape, as well as see more of important and growing market segments.

### **About [CSSS.NET](#)**

CSSS.NET is a leading provider of mission-critical technology solutions and one of the fastest-growing, women-owned, service-disabled veteran-owned government solutions providers in the country. CSSS.NET delivers award-winning solutions in cybersecurity, IT engineering, critical systems engineering, telecommunications network management and program management. CSSS.NET has an Operations Center in Bellevue, Neb., from which it supports a wide array of government customers in defense and civilian sectors, including the U.S. Strategic Command, U.S. Air Force, U.S. Marine Corps, U.S. Navy, Veterans Administration, Environmental Protection Agency, Internal Revenue Service, Department of Agriculture and Small Business Administration. CSSS.NET has been honored with a number of awards for its outstanding services, commitment to hiring veterans and growth as a small business, including the 2012 Inc. Hire Power Award, Veteran Small Business Services Champion of the Year award by the Small Business Administration, and Top 100 FedList Telecommunications Network Management Contractors by the Federal Times. CSSS.NET is based in Washington, D.C., and was founded in 1997 by Lisa Wolford, a nationally recognized business leader who started her career as a field radio operator in the Marine Corps.
